NEW HAZELTON, B. C., WEDNESDAY, SEPTEMBER 2, 1931

No. 9

Rained Both Days for the Smithers Fair and Spoiled Both the Base Ball Games

New Hazelton and Hazelton were the Winners—to Play Off at Barbecue—Farm Exhibits Away Better Than for Years—Good Stock Show

The weather man was not good to the Smithers Fair. The last two days of the fair which are the real fair days, there was rain the greater part of the time and the attendance was effected badly. The base ball games were strong attractions for a large portion of the population and most of those who were present were from distant points who, in many cases travelled fifty miles to see the games. The people of Smithers did not patronize the fair as well as those from a distance, or in proportion to the manner in which they turned out to the flower show at Hazelton and the bridge opening at New Hazelton the week before.

As an exhibition the Smithers Fair was this year probably the best it has been for many years. In all agricultural departments there was a good display and displays of very choice stuff. The only department which showed any falling off was the fancy work and needle work. Possibly that department of home life is going of fashion, and the younger generation is not taking up the arts of the mothers.

In the main hall the showing of vegetables was particularly good, and the potatoes especially showed the beneficial effects of the governments efforts to have the stuff graded and to use certified seed. There were many exhibits of the homely spud and they varied but slightly in size and quality. For so early in the season they were well advanced toward maturity.

The home cooking department seemed to be more popular than ever. The space usually given over to this department was not sufficient for it this year, and the judges had their own work cut out in making decision. The pies, cakes, bread, etc., were all really very tempting.

The growing of flowers also seems to be taking quite a hold on the people of Smithers. Besides seeing many fine gardens and lawns in the town the display of flowers at the fair was really creditable and Smithers can compete with the rest of the district in producing nice blooms.

A very creditable improvement was shown in the school department. One end of the main building was given over to the schools and all the available space was occupied. Much, if not all of the work was exceptionally well done.

In the building where grains and grasses were shown there was a display worthy of much older and larger territories. Wheat, oats, barley, etc., were shown in sheafs and in harvested grain and the grade was very high. One collection of grasses and legumes was shown by W. D. Boden of Stratholm, in which there were forty varieties. It attracted much attention. The Smithers and Evelyn Farmers Institutes made competitive displays of vegetables, grains, grasses, and farm produce generally. Evelyn Institute won out again. Had the Smithers Institute members spent a little more time on the display of their produce the result might have been different.

There has been a marked improvement in poultry, especially young stock. Many in the Valley took ad-

vantage of the government's offer of eggs for hatching at greatly reduced prices, and the result was shown at the fair. Barred Rock chicks were numerous and of a high quality. The judge had no easy time in choosing the winners. Of the numerous entries Wm. Sproule of Telkwa won first, and he had a pen of very fine chicks. They were older than most of the other entries and were in a better exhibition condition. There was also a fine lot of turkeys and a good showing of rabbits.

Out where the cows, sheep and swine were kept there was an attendance of spectators all the time, and they saw some very fine stock, especially were the pigs and sheep worth seeing. The young people on the farms are taking a greater interest in sheep and swine than they ever did before, and with the dairy industry growing quite rapidly in the Valley the swine industry should become one of the most profitable branches of the farm.

NEW HAZELTON BEAT TELKWA

Thursday afternoon with the rain falling gently, but persistently the ball game between New Hazelton and Telkwa was started. This was the first of the tournament series. New Hazelton tried out a new pitcher in L. Parent who regularly plays a dandy game at second base. It was soon seen that he had not had sufficient experience to pitch in a big game. In the second innings the Telkwa boys got away with eight runs. But those were not all due to the pitcher by any means. The Telkwa boys hit the ball, but in most cases the infield should have put the runner out first. Earl Spooner at short stop got excited and he had more errors chalked against him in that one innig than he has had all the rest of the season. The other boys were not playing any too well either. New Hazelton had only one run in the first inning so that a seven run lead looked like anything but good for the boys from the west. Bert Spooner went in for the third inning, and it took him all his time to hold the Telkwa team from scoring more, and at the same time urge his own team on to even the score. It was not until the fifth inning that New Hazelton scored again and then got four, and then settled down and scored in each of the next four, giving them a total of fourteen runs. Telkwa was unable to score against Bert Spooner until the seventh inning when they got one and again in the ninth they got one, making a total of ten.

HAZELTON WON FROM SMITHERS

On Friday afternoon Hazelton and Smithers took the field to see who was to play at Telkwa Barbecue against New Hazelton, the winners on Thursday. Smithers was too anxious to beat Hazelton and brought in a couple of players from Burns Lake, one taking the third base. He did not show up to advantage, not being used to playing in the rain. In fact it has many times proven poor policy to put a strange man on a team when any game of importance is to be played.

It is not fair to the new man, nor to the team.

Soon after play started the rain started and shortly after that Benson for Hazelton desired the game called off until the rain stopped. The Smithers team nor the spectators could see it that way, and to get the Hazelton team to continue playing the Smithers manager agreed to call the game at seven innings. This was not known to the public and at the end of the seven innings, and the rain had stopped some time before Benson called his men off the field and the game was over with Hazelton leading by a score of six to three.

While the game was in no way to be compared with the exhibition put up on Flower Show day at Hazelton the Hazelton boys played a better game all through, and deserved the victory. Had they played the full nine innings it is safe to say they still would have been ahead, and would have had the additional advantage of public favor.

There was nothing spectacular about the game, but it was a hard game, and particularly hard on the pitchers. The crowd seemed to enjoy it and both teams had ample rooters.

The next game to decide the winners of the tournament and the champions of the interior will be played at Telkwa Barbecue next Monday afternoon between New Hazelton and Hazelton and it will be one of the keenest games of the season. If the weather is at all fair there will be a bumper crowd at the Barbecue to see the final game.

DIED AT KITWANGA

Robert "Bob" Sampere of Kitwanga passed away at his home last Thursday afternoon after a long illness. He was well known in this district and for years worked in Hazelton, not continuously but for months at a time. He had a store of his own at Kitwanga and was also postmaster there for fifteen years. Bob was well liked by all who knew him, and that was a large number. He is survived by his wife, a sister, Mrs. Wm. Leighton of Metlakatla, and two brothers Joseph and Thomas at Kitwanga. The funeral was held at Kitwanga.

INDIANS FOR KAMLOOPS FAIR

Indian Agent Mortimer of the Babine agency is arranging for a big display of Indian works and art, and farm products to be sent to the Kamloops exhibition the latter part of September. The Kamloops exhibition makes a special feature of the Indian department and it is expected that eight agencies will make displays there this year. The agent, with one Indian, will accompany the exhibit, and Capt. Mortimer expects to bring back a good share of the prizes.

GAME WARDENS HOLD MEETING

There has been many reports of the slaughter of big game and of game birds all through the north country, much to the detriment of the wild life of the country. Regard for the game laws has apparently been forgotten. In an effort to check wanton slaughter the chief game commissioner of Victoria and Chief Game Warden Van Dyke of Prince George are holding a series of meetings throughout the north with the game wardens and the police. Meetings are being held at Prince Rupert, Terrace, Hazelton, Smithers, Burns Lake, Vanderhoof and Prince George. The meeting at Hazelton was held on Tuesday night. It is understood that stiffer measures will be taken to protect the animals and the birds.

Remo Specializes in Fine Grade Strawberries and Also Market Gardening

While farm activities in the Terrace District are diversified those in the Remo district are almost exclusively of the market garden type. Twelve miles from Terrace by road down the Skeena, a slightly shorter distance by rail, Remo farms are found on both sides of the Skeena. The south side of the river is a flat stretching back two miles from the river front and having a frontage of four miles up and down stream. Holdings are small in average, and are found only a small part of the land where large holdings of over 10 acres is used. The soil is black river bottom silt, with an admixture of clay in some parts.

The Remo people look to the strawberry for their chief cash crop, and while the unusual frost in June cut down on their expectations for 1931 they are looking for a better crop than ever next year. The Skeena Wonder, originated by Michaud Bros. is the chief variety grown. Magoons have been used but are being plowed under. H. L. Hulbert voiced the general opinion of the community when he said "The Magoon is a good cropper, but not every berry is a market berry. The Skeena Wonder gives as good a crop and we can ship every berry we gather." The plantations are marked by a sturdy upstanding growth of leaf structure, clean cultivation and a general appearance of vigour. In 1931, to cite a few of the growers, H. L. Hulbert expects to sell 100 crates, R. Carr 160 crates, and Murphy and Murphy 200 crates. These and other growers, plan to systematically increase the size of their plantings to give still greater production.

Potatoes are the other main crop of the district. A number of varieties are grown, but a check up showed that while some planted Netted Gems

Burbank, Table Talk, and Wee McGregor, all who were seen planted Gold Coin as a part of the crop. Cabbage is also grown extensively, chiefly for the Prince Rupert market. Two varieties seem to hold the favor of the district. Copenhagen market is the chief planting for early cabbage, reliance is placed on Danish Ballhead for the winter variety.

The Remo Farmers' Institute held their monthly meeting on Saturday night. Following the conclusion of business a very enjoyable dance was held at which a number of Terrace people were the guests of the Institute.

On August 22nd. some of the gardens already showed where beets and carrots had been gathered for shipment. Early potatoes had been taken up for market purposes, as was also the case with marrows. On the ranch of Murphy & Murphy tomatoes were already showing a good proportion color and would be ready to gather in two or three days. R. Carr told of having sent a large shipment of early cabbage to Prince Rupert and in addition he was supplying some to local markets where growth was not so rapid.

The uniformity of the crops is remarkable. Nowhere was there anything to indicate that poor soil had hampered growth. The people at Remo do not express any fears of a hard winter. They are getting in crops to supply their own needs. They are able to market their produce in such quantities as to provide themselves with other necessities. The two parts of the settlement are joined by a government ferry, in charge of Dewey Atkinson. This summer the Dept. of Public Works has built a new approach at each landing, making access to any part of the community easy.

MOUNTIES ANNUAL SHOOT

At the annual shoot held by the Royal Canadian Mounted Police at Telkwa ranges on Monday of last week, for the detachments in the interior, resulted in a win for Constable Jack Hartnett of the Hazelton detachment, both in the revolver and the rifle shoots. In the revolver shoot at 50 yards he beat Corpl. Berger by ten points. In the rifle shoot at 300 yds and 500 yards he was in a class by himself.

AT THE TELKWA BARBECUE

At the Telkwa Barbecue horse races there will be no third prize money unless there be four or more entries.

The Telkwa Hotel management has completed arrangements to supply the meals to the largest crowd that has ever attended the Telkwa Barbecue. The hotel dining room will be open at 7 a.m. and remain open until 11 p.m. Supper will be served in the Orange Hall, previously used as the United Church. The Barbecue dance supper will also be served in the Orange Hall, and under the management of the hotel.

On Sunday evening at the Barbecue tent the Telkwa W. A. will serve refreshments to those present and interested in the beef being put in the ground. The beef goes in the ground at nine o'clock and will come out Monday at 12 o'clock.

SNAPPY NINE ON WAR PATH

Team of Smithers Youngsters Beat New Hazelton Senior Team by Score of 6 to 4

The Snappy Nine, a junior base ball team from Smithers, unable to get a game with the Real ball team, induced New Hazelton team to give them a game last Sunday afternoon, and the Snappy Nine trimmed the local boys up in good shape, not only by getting more runs, but by better play all the way through. They are a Snappy lot of youngsters, and no one is surprised the Smithers senior team refused all season to play them. The score last Sunday was six to four.

The Snappy Nine played the Moricetown Indians at the Smithers fair and trimmed them, and on a day previous had met the Telkwa team and defeated them. The New Hazelton team might have been warned.

The Snappy Nine has not yet been defeated. They are all Smithers school boys and they are going to be the Smithers team next year or the year after at the latest.

Geo. Crow reports that he is able to be around again after a stay at the hospital. He had a broken rib but hopes to soon be at work.

A good many from this district will take in the Barbecue at Telkwa next Monday, and stay over for the dance at night.

any way you look at it...

THERE are few foods you can buy that give you as much satisfaction for your money as Kellogg's Corn Flakes.

Out of a single package you get many delicious servings—at a cost of only a few cents.

Kellogg's are delightful for breakfast or lunch, with milk or cream, fruits or honey added.

Great for the children's evening meal—or for a tasty snack before going to bed. So healthful and easy to digest.

No other ready-to-eat cereal in the world is so popular. No other corn flakes have ever been able to duplicate Kellogg's own matchless crispness and flavor.

That is why wise buyers will accept no substitute for genuine Kellogg's. They know that imitations are never "just like" the original of all corn flakes. Look for the red-and-green package at your grocer's. With the exclusive inner-seal waxtite wrapper that keeps the flakes oven-fresh even after opening. Made by Kellogg in London, Ontario.

You'll enjoy Kellogg's Slumber Music, broadcast over WJZ and associated stations of the N. B. C. every Sunday evening at 10.30 E. D. S. T. Also KFI Los Angeles, KOMO Seattle at 10.00, and KOA Denver at 10.30.

APPLE SEASON RETURNS

Speaking of timely topics, now that the apple season is here again, the Dominion Fruit Branch supplies facts about the food value of apples which have special interest.

The varieties of fruits consumed are numerous and their use is important to a proper diet, but no fruit is more valuable than the apple.

"An apple a day" is a real health message. They act as a tonic and regulator and thus are the cheapest as well as the most pleasant form of medicine one can buy.

They are a source of natural fruit sugar and thus provide energy. Eaten raw between meals they satisfy the craving for sweets. The water contained in apples is in its purest form. They tend to promote proper elimination

as skin and framework provide bulk and organic salts are diuretic.

Apples counteract a tendency to acidosis as they leave an alkaline ash. A well masticated apple thus aids digestion.

Apples are a good source of vitamins, which are necessary to the body. One large apple gives one hundred calories. The apple is refreshing cooling, stimulating—and wholesome and may be eaten between or with meals. They may be obtained nearly all the year round and because of their food value, their fine flavour, their abundance and popularity apples are justly termed "The King of Fruits".

The Omineca Herald is \$2.00 a year

Hamlin & Thomson Make Success Market Gardening

In 1915 Messrs. G. Hamlin and W. Ross Thomson started their farming operations on what is now known as Horseshoe Ranch. Their holdings comprise 30 acres, of which 20 acres are under cultivation. The land is situated at the N. W. corner of Carr Road, about half a mile from Terrace.

Horseshoe Ranch is one of the outstanding examples of the market gardening branch of farming as seen in the Terrace district one acre is devoted to the growing of asparagus, some of the plantation just coming into bearing. This year, in spite of the adverse conditions, they market 30 lbs. of this spring dainty each day. Half an acre is in strawberries. They specialize on Magoons and Skeena wonders. This is one of the steady cash crops of the firm other parts of the farm are devoted to the growing of cabbage, carrots, beets, tomatoes, corn, and a variety of other vegetables suitable for table use. To still further their scope of business they have branched out in the hot house business, building the first unit of 20 x 24 this spring.

A well kept orchard is a feature of the ranch. About 300 fruit trees provide a large surplus of apples and plums for shipment. Their apple orchard is well planned having a range of varieties covering the seasons from Early Fall to late spring.

The soil of the ranch is of the red loam variety. As this is a soil common of the district, and recognising the open-minded, painstaking way the partners conduct their operations The Department of Agriculture have called upon them for several years to conduct experiments to show the

value of a variety of commercial fertilizers under these soil conditions. These experiments are principally with hay crops, oats and clover. Plots of one eighth of an acre are planted side by side with the same crops, different fertilizers being used on each plot, with an additional unfertilized plot as a check. Growth is measured and tonnage of hay is weighed from each plot to determine which method of fertilisation is the most suited to the soil.

The present year is being devoted to experiments with fertilizers from the new plant at Trail. Ammonium Phosphate in varying strengths is being used as the base. While final figures are not available as yet Mr. Hamlin says that on some of the plots the growth was so rank as to be almost unmanageable. Messrs. Hamlin and Thomson also handle the government spraying machine under the direction of the local farmers' Institute.

To take care of the fodder crops produced, 2 milk cows, 2 calves, 2 horses a number of pigs and some chickens are kept. In spite of their farm activities the partners find some time for activities other than strictly farm work. Mr. Hamlin takes a great interest in local affairs, being a very active member of the Kitsumkallum Farmers' Institute and he is also vice president of The Terrace District Fall Fair assn. Mr. Ross Thomson is an expert photographer. Evidence of his artistic work is to be seen at The Prince Rupert Fair, and similar places. He rarely exhibits without winning a good proportion of the prizes offered.

Here and There

New Brunswick will have an open season for partridge shooting from October 1-15 this year according to an order issued by Hon. L. P. D. Tilley, provincial Minister of Lands and Mines.

Value last year of Nova Scotia fisheries was placed at \$10,411,200, according to a recent Canadian Government report. The lobster and cod are of chief importance.

Since the Royal Canadian Air Force made its first experimental flight over Lake Winnipeg in 1922, the total number of photographs taken from airplanes in Canada is close to half a million.

Condemned to the stockyards three years ago, Cano Paul Bruce, mature Holstein bull, was recently crowned grand champion Holstein bull of the Calgary stampede and exhibition. He was acquired from his former owner by the Canadian Pacific Strathmore farm and won in the railway's colors.

To see his 28 nephews and nieces in Canada; to return the visit made him by the Canadian Bishops last year; and to see the Cathedral on Vancouver Island are the three reasons for the two months' visit to the Dominion of His Lordship the Bishop of London, Dr. A. E. Winnington-Ingram, who arrived recently aboard the Duchess of York.

Recent tests of the new mammoth Canadian Pacific locomotive "8000", destined for heavy work in the Canadian Rockies, have brought results in excess of the most sanguine expectations. It pulled a train weighing 7,951 tons, almost equal to three normal trains, from Smiths Falls to Montreal a distance of 128 miles, without a hitch, in 5 1/2 hours and showed over 30% fuel economy.

With a score of 266 in the aggregate and placed 67th in "The King's Hundred" as the first hundred shots in the King's Prize at Bisley are called, Sergeant Cecil William Froom, of Montreal, has just returned from the famous rifle shooting meet with added laurels. He has made his place in the "King's Hundred" every year since 1920 and for the

Here and There

Canada's total wool clip is about 21,000,000 pounds annually, while Canadian mills use at least twice as much as this every year, and Canadian consumption of manufactured woolsens equals about four times the clip.

Lake Louise Icelandic popples, one of the glories of this part of the Canadian Rockies, are in demand in thousands of gardens all over the world. Gardeners at the Chateau are now busy gathering seeds which will later be mailed to guests of the hotel this season.

Representing an increase of \$1,000,000 bushels over the same period last year, 199,989,000 bushels of grain were marketed on Canadian Pacific Railway western lines during the twelve-month period since August 1, 1930. This gives the railway company a percentage of 52.3 of all the grain handled in that period.

More than 479,000,000 fish eggs, fry, fingerlings, and yearling fish and a few older fish were distributed last year from the hatchery establishments operated by the Fish Culture Division of the Canadian Department of Fisheries. Largest distribution was from the hatcheries in the Prairie Provinces.

Nipigon River-Bungalow Camp Trophy competition is getting some fine entries this season. Recently a trout of seven pounds and one ounce was put in, and shortly afterwards, a six pounds, fifteen-ounce trout was taken. Catches of three to five-pound fish are frequent and one of the best seasons in years is reported from the camp.

J. O. Turcotte, Canadian Exhibition Commissioner, who visited Regina recently in connection with interior decoration in the magnificent new building which will house the World's Grain Exhibition and Conference, states that a start on this work will be made immediately. Decoration will be in grain seeds, no paint or any kind being used.

The Dutch wheat mixing law, effective July 1, enforcing a maximum of 25 per cent of soft domestic wheat in the making of

Terrace Notes

Mrs. S. Fordham returned from Prince Rupert on Thursday.

The B. C. Forest Branch are building a garage 16 x 18 near the new blacksmith shop of Smith and Giggiey.

F. C. Bishop has started excavations immediately east of his home in preparation for the building of a new motion picture theatre.

H. J. and Mrs. Butler of Vancouver left on Thursday for Hazelton. Mr. Butler is touring the country in the interests of the Canadian Forestry Association.

P. McNicholl of Usk was a business visitor to town on Thursday.

M. Allard of Kalum Lake, trapper and mining man is paying one of his periodic visits to Terrace.

Misses Barbara Sherwood, and Marjorie Kenney, who have been the guests of Miss Edith Wilkinson of Prince Rupert, returned home

W. H. Hollingshead of Vancouver is a business visitor.

Local honey is for sale in the stores

It is fully up to the usual standard of clearness, color and flavor.

The Skeena River Hatchery, Lakelse Lake, has obtained its full quota of salmon eggs for the season's work. 8,000,000 eggs in all have been dealt with.

Local anglers are having good success and the catches make a pleasant addition to the local tables.

Apples of the Duchess class are ripening and will soon appear on the local market.

Welcome rains have provided good moisture conditions for the crops, and have also removed the fire hazard in the bush present during the last few weeks due to the dry condition of the ground.

Miss I. M. Pearson, teacher of Lakelse Valley School returned today after holidaying with her brother, B. L. Pearson, on his ranch at Vanderpool.

A. Jackson of Prince Rupert is a business visitor in town.

C. Poe of Chicago, who has been enjoying a fishing trip at Lakelse Lake left on Friday for Hazelton.

Miss Fern Brethour, granddaughter of E. Willie, proprietor of the Terrace Hotel, left for home in Whinipeg.

Mrs. A. McLeod has gone to Smithers to visit her son who is in the service of the C.N.R. at that point.

A stone, shot sideways by the tire of a passing car, went through the window of the butcher shop of Messrs Richmond Ltd. this afternoon. A tin of meat, in the line of flight was badly damaged. Fortunately no one was injured.

Several local people left on Monday morning for Prince Rupert to attend the Fair. Included in the party were J. K. Gordon, W. Martin, J. Lever and W. Ross Thompson.

Mr. and Mrs. W. O. Fulton and family returned to Prince Rupert on Monday morning after spending several weeks at their camp on the shore of Lakelse Lake.

Bert Michaud left for the hills on a prospecting trip.

T. L. Kirkpatrick is at his claims on Thornhill Mountain doing assessment work.

J. Hagen of the Vanarsdol Lumber Company has just become the proud owner of a Chevrolet Sedan of the latest model.

The building to be erected to accommodate the butcher shop of The Kitsumkallum Farmers' Institute business will be 18 feet by 50 feet. It will be divided into three sections. The retail part will be in front, with a storage room immediately behind. The rear part of the building will be used as an ice house.

J. Erlandsen, Remo rancher arrived for a few days.

Mrs. J. P. Murphy returned to Remo on Wednesday last.

Miss L. Halliwell left for Prince Rupert on Wednesday to resume her duties in The Prince Rupert Public Schools.

Miss Julia Thompson of Prince Rupert is the guest of Mr. and Mrs. H. A. Swain.

Mr. and Mrs. C. McKinnon were visitors in town last Wednesday. Mr. McKinnon is making final preparations in readiness for the opening of the Vanarsdol school.

Mrs. H. Creelman and child left for Prince Rupert on Wednesday morning.

A. Rix is in town on one of his periodical business visits.

Mrs. George Dover gave a bridge party on Tuesday afternoon in honor of Mesdames J. Frew and J. Irvine of Prince Rupert. Mrs. D. D. Munroe was the winner of the prize.

Mrs. Fleming of Burns Lake returned to her home at Burns Lake at the end of the week after a stay at Terrace as the guest of Mrs. A. C. Head.

Misses Elliot and Dorothy Head holidayed in Prince Rupert over the week end.

H. Parmlinter, of the staff of The Bank of Montreal, Prince Rupert, is relieving Stan Smith of the local bank, who is on vacation.

R. Baird, Inspector of Municipalities was in town on Monday and Tuesday on his annual inspection of local municipal affairs.

Mr. and Mrs. H. J. Butler of Vancouver arrived on the afternoon train Wednesday and registered at the Philbert Hotel.

Miss Muriel Weston returned to Prince Rupert after spending the holidays with Mrs. H. T. Allen.

J. K. Gordon left on Thursday for Smithers, where he will visit the Fair.

A. E. Ralph of Prince George was in town on Thursday.

Mr. and Mrs. G. O. Strathers of Nelson B. C. are visiting in the district.

dict.

Mr. B. H. Symmes of Kennedy Lake V. I. registered at The Terrace Hotel.

Messrs F. H. Walton, O. Tyho, J. Hale and W. Aird of The C.N.R. staff paid an official visit to Terrace on Wednesday.

Mr. and Mrs. W. L. Paddle of Quick were in town on Thursday. Mr. Paddle is anxious to build up business for Bulkley Valley Grains in this area.

The contract for building the butcher chop for the Kitsumkallum Farmers' Institute has been awarded to C. H. Thomas.

Mr. and Mrs. Michael returned to Terrace on Thursday. Mr. Michael is the principal of the Kitsumkallum Public School.

G. M. Turvey of Chilliwack is staying in town for a few days.

Keep in Touch With the Happenings of The District. Read The Terrace News. Only \$2.00 per year.

The new moving picture theatre to be built by Mr. F. C. Bishop will measure 22½ ft. by 65 ft. It will have a seating capacity for 125 people. Plans show a sloping floor, ensuring patrons a good view of the screen from all parts of the house.

Foreman Alex Kerr left on Wednesday with a gang of 12 men to establish the camp of the Public Works Department on The Hot Springs road. It is understood this camp will accommodate 35 men under the relief scheme. While no definite information is available it is understood the dept. will make every effort to get the road through to the Hot Springs this fall.

Mr. and Mrs. W. F. Lindsay are at present staying at Chilliwack.

J. K. Gordon returned from Smithers on Saturday morning. He spoke specially of the splendid quality of the vegetables seen at The Smithers Fair.

T. Shackleton of Usk was in town on Saturday.

Mrs. A. Ross left for Remo Saturday morning. She says she is making the trip specially to boost for the coming Terrace Fair. Mrs. Ross has received word of a number of entries from that point, and intended to have these lined up before she returned.

Won Luen is back at business after a very enjoyable holiday at Lakelse Lake.

Mr. and Mrs. J. White who have been holidaying at Lakelse Lake were in town on Saturday.

H. S. Parker of Prince Rupert spent Saturday in town on business.

Mr. and Mrs. Shepherd of Usk were registered at The Terrace Hotel on Friday.

A. Small of Prince Rupert was a business visitor to Terrace on Saturday.

F. Forest of Usk is back in the district again after a long prospecting trip in other parts of the province.

W. J. Wilby, arrived on Friday. Mr. Wilby, who served with the 88th Battalion C.E.F. during the war, retiring with the rank of Major, will be the principal of The Kitsumkallum High School.

A. Tobey of Prince Rupert arrived on Sunday.

Mrs. D. Atkinson and family arrived from Remo on Saturday afternoon. Mrs. Atkinson has rented the house of Miss I. M. Pearson. The family will occupy this place during the next few months, to enable the children to take advantage of the sessions of The Lakelse Valley School.

F. Archibald of the Water Rights Branch, is registered at The Philbert Hotel. Mrs. Archibald is accompanying her husband on this trip.

It is understood negotiations are under way for renting floor space at the coming Fair to certain wholesale houses. Requests have been made some of the concerns covering the territory and if the deal goes through this space will be occupied by industrial booths displaying samples of the merchandise the firms in question deal in. This is a new feature in Terrace fair matters and should prove of considerable interest to those who visit us.

THE SPREAD IN PRICES

In these times of re-adjustment the line light is being thrown on the spread of prices between the producer and the consumer. Many remedies are proposed. Some work out in one section of the country, but do not succeed in other parts. In the main the problem is so vast that the average person does not grasp its import. At times, however, clear cut illustrations hit a person squarely.

Such an incident occurred on a station platform along the C.N.R. last week.

By chance a potato grower who operates in The Skeena Valley was introduced to a man who, by his camp operations, is a fairly large consumer of vegetables. The price of spuds was mentioned and illuminating information was exchanged. The grower had just shipped some of the early crop and had been paid \$1 per sack on the station platform for them. About the same time the business man had bought potatoes for his camp in Prince Rupert and had paid \$2.50 a sack for them. Naturally a desire was expressed on both sides to take advantage of the situation. Freight would be about 30 cents a sack, and that left \$1.20 to split between grower and consumer. At distances of from 100 to 200 miles from the market it is difficult for the producer to keep an accurate check on market conditions—and it is equally hard for the consumer to keep informed as to whether he is being gouged when he makes a purchase.

The solution suggested that day is one that has worked to the advantage of a number of producers in The Skeena Valley. These people have built up a direct producer to consumer business. It has meant establishment of strict grading of the produce whether it be eggs, fruit, or vegetables. Their products have been backed by the integrity of the name of the shipper. Those who have adopted this course have found that they could supply their goods at a price below that prevailing in the points at which the customers lived. On the other hand the consumers have been assured that the quality of their purchases are the best, and have gained financially in the transactions.

The producer who follows this line of action is due to find it works to his advantage, not only in the ways indicated, but also in eliminating the undesirable condition experienced by many shippers who are compelled to receive their payment for produce in "Trade"—in other words their supplies must be bought from the merchant in the distant centre to whom they sell, thus militating against the interests of the local merchants who are striving to build up their communities.

Work is in progress on the new deck for the Hazelton Ferry which got away last spring and went down the river on its own. The pontoons were salvaged and shipped back from Pacific and the timber for the new deck arrived last Friday. It should not be long before the ferry is in commission again.

Col. Rattenbury, president of the Pennsylvania Railways, went east last Wednesday night in his private car after a trip to the coast and north to Alaska and back to Rupert.

Col. Pregnell, inspector of Indian Agencies with headquarters at Kamloops was a caller at the local agency last week.

Miss Gladys Taylor leaves this Wednesday evening for Toronto after having spent the past year and a half with her aunt, Mrs. Sawle. While here Miss Taylor made many friends and they will be glad to learn that she expects to return to New Hazelton in the not distant future.

With the opening of school many of the young people are leaving, or have left for their respective schools to resume their studies.

Mr. and Mrs. Rukin returned to New Hazelton last Sunday afternoon having motored up from Cassidy and Nainimo where they spent the summer at their homes. Mr. Rukin reports the roads better coming back than going down. At Ashcroft he picked up Miss Sutherland and brought her through to Hazelton.

Miss McLean of Prince Rupert and teacher in the Hazelton superior school, returned Saturday night.

Hazelton ball team went to Rupert on Monday morning to play two games during fair week.

The stock judging team from Telkwa which is taking part in the judging competitions at the Vancouver fair had their pictures in the Province last Sunday. The boys are Eckman, Donaldson and Croteau.

Corpl. Berger was laid up for a few days with lumbago.

Louis and Delcourte Parent will leave Monday night for Vancouver to resume their high school studies. It is possible Mrs. Parent will remain in the south with the boys.

The Misses Cox accompanied the Hazelton ball team to Prince Rupert on Monday.

Miss Rock went down to the Rupert fair on Wednesday morning.

R. S. Sargent and family are taking in the Rupert Fair.

Cons. Unea of the R.C.M.P. is back be around again after a stay at the hospital. He had a broken rib but hopes to soon be at work.

There was a regular meeting Tuesday evening of the board of directors of the Hazelton Hospital.

OPENING A NEW STORE

The end of this week C. W. Daws will once more be in business in Hazelton. He has had a building fitted up and enlarged so that he has a nice little store in which he is putting stock of sporting goods, tobaccos and confections. It will carry pretty much the same lines he did before the Omineca fire. His many friends and old customers will be glad to see him once more in business as his line fills a gap. His store is located next door to the Rex Cafe.

post, thence 20 chains west to No. 3
post, thence 20 chains to point of
commencement, and containing forty
(40) acres more or less.

Albert James Hillyard
Applicant

Dated, July 11th, 1931. 5-13

Too much wet weather is hurting
the grain crops. The farmers are not
able to get their grain cut.

The schools opened on Tuesday last
and the youngsters all seemed to be
glad to get back to work.

Douglas Parent has returned east
to resume his studies.

HORSES RACES

There was a program of horse races
both Thursday and Friday and they
are always popular with the public
in spite of rain. On Thursday the races
were:

Bulkley Valley three year olds:—
Maybe, owned by J. S. Grey of Smithers 1st, Miss Canada, owned by Walter Skelhorn, Telkwa 2nd, and Arrow, owned by Roy Wakefield, Telkwa 3rd.

Indian race—Nellie, owner Michell Silver Heels, Abraham 2nd, and Bill, Michell, 3rd.

Open Half Mile—Sud, Wakefield 1st, Lady, Stewart 2nd, Driftwood Sealy 3rd.

Two Year Olds—Fairy, Skelhorn 1st, Sheik, Skelhorn 2nd.

Consolation—Beauty, Lapadat, Smithers, 1st, Fairway, Sealy 2nd, Beauty, Michell 3rd.
